

**Client**            The Beach Company  
**Scope**            Streetscape  
**Status**             Completed 1998

**Description:**

Anchoring the intersection of King and Market Streets in downtown Charleston, Majestic Square is new urban in-fill, completed in 1998.

DesignWorks provided streetscape design within the Public Realm and the design of all prime outdoor spaces including a new dining terrace. An integral member of the design team, DesignWorks assisted in the design of the ground floor facades to assure compatibility with the best of urban shopping streets.
